SCENE IN A PORTUGAL WINERY, In the mountains, at the Quinto do Sexio, Portugal, a famous Port Wine district where the custom of treading the grapes for Port Wine is still in vogue. From ten to a dozen men or women for each gang in turn continue the treading, day and night, during the four or five weeks vintage. Some of the treading vats are large enough for three separate rows of ten men each, who with their white breeches well tucked up, their arms on each other's shoulders, raise and tread their

feet alternately, with song and shouts to keep the lazier ones up to the

work, and a band with string instruments enlivens the hours.

Speer, of New Jersey, Uses Rollers instead of Feet. It is from this district the vines were imported over forty years ago

that now fill the vineyards of the Speer Wine Co., at Passaic. At Passaicthe same kind of grapes are crushed between large rollers of rubber, revolved by steam. This is the only place in this country where the real genuine Port Wine is made from the Oporto grape—and they are grown right in Speer's VINEYARDS.

These vineyards extend over 1/3 of a mile along one of the Main avenues of Passaic, and comprise fifty six acres. The soil being rich in iron makes the wine most valuable for Medical use.

SPEER'S WINES Are well known to be of the highest character, the oldest and most refined Wines in America, equal if not superior to any wines in the world. They consist of Port, Sherry, Burgundy, Claret, Sauterne Wines, and \* \* Climax Brandy. Mr. Speer has some Wine in his cellars that he made over thirty eight years ago. All of Speer's Wines and Brandy are very old, rich, well rounded, soft and delicate. Every family should have a bottle or two of each variety of Speer's Wines and Brandy always in the home, for sickness or family use. For Sale by Druggists and Grocers Who Sell High Class Wines.

Its State news is fresh and full; it comprises telegraphic dispatches from all parts of the world up to the hour of going to press, and its comments upon current events are pointed and instructive. Special attention is given to matters pertaining to the farm and household. In all the qualities of a newspaper for the family circle and the business man it is un-

AGRICULTURAL.

The Florida Farmer and Fruit Grower being purchased by the Florida Publishing Company, has been consolidated with the agricultural department of the Semi-Weekly Times-Union and Citizen. The old name has been retained, and ample space is provided in which to present all the departments of the Farmer and Fruit Grower, such as "Grove and Orchard," "The Pinery," etc. No pains will be spared by the publishers to make the combination as replate with interest and as valuable to the soil-tiller as was the old journal, one of the historic landmarks of Florida.

With the growing interest in Florida everywhere, the Semi-Weekly is rapidly attaining a universal circulation.

Do you take cold with every change in the weather? Does your throat feel raw? And do sharp pains dart through your chest?

Don't you know these are danger signals which point to pneumonia, bronchitis, or consumption itself?

If you are ailing and have lost flesh lately, they are certainly danger signals. The question for you to decide is, "Have I the vitality to throw off these diseases?"
